

# Tropical depression Fred

August 12, 2021

Dear CTP Owners,

Most of you will likely be following the tropical depression Fred as we move into the weekend.

Please know that the CTP staff is monitoring the weather conditions and will take the appropriate action to secure the pool furniture and common area items as we move closer into Friday.

If you are leaving the community for the weekend, it may be a good idea to close your hurricane shutters and remove items off your lanai's that could cause damage to the building if there were to be high winds.

Please use the Link to National Hurricane Center web-site to continue to monitor the storm: <https://www.nhc.noaa.gov>

Truly,

Mickey Sudut, CAM

CTP Property Manager
